

Magrollers

Magroller & sleeve series: mainly produce magrollers & sleeves for laser printer cartridge. We imported advanced technology from Germany and successfully developing and manufacturing expendable parts magroller (plastic bonded ferrite magnet) and aluminum sleeve. Now we could custom make many different magrollers & sleeves to supply clients of local and abroad, which have a perfect performance on matching with almost every toner, and resulting 1.4---1.5 printing density, and successfully avoid following problem occur: period whiteness, white-spot and background, etc.
